

A New Service From Equity

"DisclosureNet is very easy to use and allows us to obtain market practice information in a fraction of the time of a traditional search."

Partner, Torys LLP

"DisclosureNet allows me to perform searches that are simply not even possible on SEDAR. I am accessing information in seconds – that I just would not have seen otherwise."

Senior Manager, Deloitte

"This is a sensational system – I absolutely love it. It has literally saved me hours of time gathering the information I need."

Senior Manager, Pricewaterhouse Coopers

"Clients have been impressed by the speed with which we are now able to provide them with the information they require and we are happy to be able to get the job done quickly and easily."

Partner, Folger, Rubinoff LLP

**Now, search SEDAR in seconds.
Equity Transfer Services presents:**

DisclosureNet

If you're spending too much of your day looking for filed documents, precedents, specific companies and subject matter, the time has come to discover a much faster way.

DisclosureNet is a powerful, web-based search engine and alert system, for SEDAR and SEDI, developed by XP Innovations Inc. It is now part of the base service provided to clients of Equity Transfer Services.

This service allows you to rapidly search for useful precedents or information. This user friendly tool will become indispensable in your preparation of financial statements, MD&A's and other corporate documents. Also there is an alert function that will send you emails whenever documents or insider trades are filed by companies that you have specified.

Here's an example

Your Company has just had an explosion in the mine. You need to find examples on SEDAR as to how this has been disclosed in the past. **And you need it now.**

Click Search Documents in the menu bar. Type "mine w/20 explosion" in the "For Term" box. Click Enter. DisclosureNet will then scan the entire SEDAR database, which houses over a million documents, and will produce all documents that have the word "mine" within 20 words of the word "explosion".

Accessing DisclosureNet

To Access DisclosureNet simply go to www.equitytransfer.com and register.

If you need help, we encourage you to contact XPI's representative; Todd Peterson, Vice President Client Services XP Innovations, telephone: 416.916.8798 Ext 215, fax: 416.913.0446 or email: tp@xpi.com
